Disk Hero announces “KEEP ALL FILE FOR AN UNLIMITED TIME” option

Dublin, CA, August 29, 2008 – Disk Hero has implemented an option in the ADVANCED SETTINGS tab of all main application agents which allows the default of 5 versions kept of each file to be expanded to 0 or ALWAYS KEEP ALL VERSIONS. This allows total flexibility for a user to keep all copies of their data so they can meet all the legal requirements they might have. This means no data is deleted and all data is off-site which meets many legal requirements of today.
